

Syndicated Insurance Resources Adds New Atlanta-Area Office Location

Cindy Betsill Leading Operations as Relationship Manager

Ponce Inlet, FL & Atlanta, GA, Oct. 4, 2017— Syndicated Insurance Resources—a leading firm that helps insurance brokers find the right solutions for employers—today announced the addition of a new office location to serve the needs of Georgia-based brokers and clients. The Fayetteville office is in Atlanta's growing southern crescent— near Peachtree City and the Atlanta airport—and is strategically located to offer more personalized attention while creating a physical presence in the community.

In addition to the new office, Cindy Betsill is the new Relationship Manager and will also oversee operations. “We have multiple brokers and clients that are just a short drive from our new location,” said Betsill.

Providing brokers robust market access, alternative risk management, workers' comp administration and even HR consulting options—the company provides a marketplace with competitive employer-focused insurance offerings. Syndicated Insurance Resources automated tools and products—available nationwide online seven days a week, 24 hours a day—gives users free access to more than 150 markets and 40+ unique program offerings.

“While most of our brokers and clients rely on technology to access our products and services, we recognize the importance of local support and personal service,” said Vice President of Sales Dean Radtke. “We are excited to continue expanding our operations and growing our infrastructure to meet the needs of nearly 500 coast to coast agent brokers.”

With unprecedented A-rated market access and programs, Syndicated Insurance Resources provides exceptional customer service. The company has worked hard to become a trusted resource for brokers since 1995.

Georgia-based insurance agent/owner Will Felts recently shared these thoughts: "Syndicated pulls through when nobody else does. They even responded immediately during Hurricane Irma evacuations when one of my clients had a time-sensitive request for a certificate of insurance. The Syndicated team is always helpful and generally beats any price."
